PART XL

COURT RULES

(For Attorneys and Self Represented Parties)

The Court would be obliged that motions are made returnable on Wednesdays. No appearance is necessary. Unless oral argument is specifically directed, motions will be decided on written submission only.

In electronically filed cases, the Court must be provided with courtesy copies of all papers as defined in Part 202.5[b] of the Uniform Civil Rules of the Supreme Court. With regard to motions and cross-motions, the Court would be particularly grateful if written copies (including all supporting documents) are delivered to the Court one day prior to the return date of the application.

The Court will honor a request for a motion to be adjourned, if it is on consent and in writing (faxed to 631-852-3291). This request must be faxed to chambers no later than 3:00 pm on the date preceding the motion return date.
