Legal/Statutory Memorandum

Subject: Failure to Answer Judgments

Class: LSM-130

Category: LT - 40

=====

Attached please find a copy of the Court of Appeals decision NO. 228 In the Matter of Nicola S. Brusco, Respondent, v. Richard F. Braun & Co., Appellant, et al., Respondents.

This decision affirms the Appellate Division, First Department ruling, and effectively eliminates the use of additional individualized protections for respondents in summary proceedings. We interpret this to mean that there are to be no inquest calendars or supplemental affidavits required by the judges.

Dated: January 10, 1995
