What is BTC?

BTC is a special part of the Kings County Supreme Court. It is a court-supervised program for those arrested in Kings County, who face drug charges and who also have a drug addiction. BTC's program includes regular court appearances before the Judge.

Following your arrest you were offered the choice of participating in BTC or having your case proceed in the regular court process. If you are an addict and eligible for treatment, your Case Manager will develop a treatment plan for you. While you are in treatment, the Judge and your Case Manager will monitor your progress.

What do I have to do?

BTC participants are required to sign a contract in court. This contract is an agreement between you and the Judge. It explains what is expected of you and what will happen if you do not follow the rules. The Judge will also sign the contract. The contract is written specifically for you based on your current charges and your prior criminal history. Before you sign your contract you will have an opportunity to review it with your Defense Attorney and have your questions answered. BTC participants are required to attend treatment, as directed by your BTC Case Manager and Judge, and to remain drug free.

How long will I be involved in BTC?

BTC is a three-phase program that lasts from 8 to 24 months. The amount of time you spend in BTC is determined by your plea and by your individual progress. If you have any questions regarding your specific situation, speak to your Case Manager or your Defense Attorney. disability. Individuals who are "job ready" may be referred to agencies that help find employment.

Benefits of a BTC Dismissal

Your conviction will be dismissed and sealed That means you can say you have no criminal convictions regarding the BTC case. You have grounds to ask NYCHA to waive or mitigate your exclusion from public housing. You will have better job prospects.

Consequences of Conviction

1. A drug crime conviction causes significant NYCHA housing difficulties. NYCHA rules apply to all persons living at the address, not only those named on the lease. A conviction could result in your denial of, or eviction from, NYCHA housing.

2. If your conviction is for a felony, you will be a predicate felon subject to a mandatory prison sentence if you are ever convicted of another felony.

3. A conviction may cause the City to file a petition to terminate your parental rights.

4. You may be barred from getting a license in certain licensed occupations, such as hairdresser or barber. You may be barred from work in the fields of childcare, education, and health care.

5. Immigration can deport you even if you are a legal alien.

It's your choice.

You will be able to invite your family and friends to join you at your BTC Graduation Ceremony.

Life Change Requirements:

- Complete all BTC Phases
- Get your Treatment Program's Approval for Graduation
- Progress toward vocational, educational and employment goals

Note: You will not be asked to be an informant in this program. You will not be expected or encouraged to discuss any information concerning anyone's behavior or progress except your own.

Comply with Drug and Alcohol Screening:

You are responsible for any medication consumed without a doctor's prescription. There are some over the counter medications that might alter urine results due to ingredients. For instance, cough medicine with any alcohol content will produce a positive result for alcohol. This will remain as a positive result without a doctor's prescription.

You are responsible for reading all labels or consulting with your pharmacist or doctor before taking any medication.

Although not every consumption of poppy seeds will test positive for opiates, clients are advised that they are responsible for ensuring that no poppy seeds are ingested. All positive results where a claim is made regarding poppy seeds will remain positive for opiates.
