How to write email to an "Email Group"

1. Open Novell Groupwise Email, 2. Click on "New Mail," 3. Type the group in the "TO:" section, 4. Compose your email, 5. Once the "SEND" button is pressed, this email will be distributed to all recipients listed

Note: You do NOT have to type in all the contact names, the group name does it for you!

To find out who is in a particular "Email Group":

1. Open Novell Groupwise Email, 2. Click on "Address Book," 3. In the "Look For" Box, type in the email group you wish to see, 4. The group will be highlighted. Double click and it will reveal all the individual contacts.
