(Revised April 4, 2003)¹**

The (*specify*) count is Criminally Using Drug Paraphernalia in the Second Degree.

Under our law, a person is guilty of Criminally Using Drug Paraphernalia in the Second Degree when that person knowingly possesses [*or sells*] gelatine capsules, glassine envelopes, vials, capsules or any other material suitable for the packaging of individual quantities of narcotic drugs or stimulants under circumstances evincing an intent to use [*or under circumstances evincing knowledge that some person intends to use*] the same for the purpose of unlawfully manufacturing, packaging or dispensing of any narcotic drug or stimulant.

person acts with intent to sell when that person's conscious objective or purpose is to sell.)]³

The term STIMULANT includes (specify).⁵

A person KNOWINGLY possesses [or sells] gelatine capsules, glassine envelopes, vials, capsules or any other material suitable for the packaging of individual quantities of narcotic drugs or stimulants, when that person is aware that he or she is in possession of [or selling] such material. ⁶

INTENT means conscious objective or purpose.⁷ Thus, a person would have the intent to use gelatine capsules, glassine envelopes, vials, capsules or any other material suitable for the packaging of individual quantities for the purpose of unlawfully manufacturing, packaging or dispensing of any narcotic drug or stimulant if that person's conscious objective or purpose was to use that material for that purpose.

A person UNLAWFULLY manufactures, packages or dispenses a narcotic drug or stimulant when that person has no legal right to do so.⁸ Under our law, with certain exceptions not applicable here, a person has no legal right to manufacture, package or dispense any narcotic drug or stimulant.
