What is the Community Court Access Program?

The CCA program is a partnership between the community and the NYS Unified Court System to provide accessibility to any person seeking assistance from the Court System who may not have access to a home computer and/or internet service, who may need assistance in accessing the courts, or who may not be able to get to the physical courthouse for a variety of reasons such as transportation, child care, or personal safety. With this new program, you can now have your court needs met in a friendly, safe, and secure environment, that is close to your home and may even be located at your own religious center, public library, or other community space.
