I. BACKGROUND INFORMATION

The New York State Unified Court System (UCS) Office of Court Administration's Division of Professional and Court Services (DPCS) is soliciting proposals via this Request for Proposals (RFP) for the purpose of establishing a contract to provide case management and recovery support services for the Brooklyn Opioid Treatment Court.

UCS operates problem-solving courts, among them drug courts, which help judges and court staff respond to the needs of participants and the community. Problem-solving courts look to the underlying issues that bring people into the court system, employ innovative approaches to address those issues, and seek to simplify the court process for participants. A drug court involves an intervention by the court in cooperation with a team of specialists in social services, treatment, and criminal justice professionals in the local community. In return for a promise of a reduced sentence, appropriate non-violent addicted offenders are given the option of entering voluntarily into court-supervised treatment. The rules and conditions of participation are clearly stated in a contract entered into by the defendant, the defense attorney, the district attorney, and the court.

II. PROJECT INFORMATION

UCS is the recipient of an award by the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) for the purpose of funding the Brooklyn Opioid Treatment Court (BOTC) in Kings County, New York, by providing treatment services to 200 court-involved participants.

The maximum available funding over the Contract Term (September 4, 2020 – July 29, 2025) for the performance of Project Services (as set forth in Article V below) is \$1,057,965 ("Maximum Funding").
