

ADMINISTRATIVE ORDER OF THE
CHIEF ADMINISTRATIVE JUDGE OF THE COURTS

Pursuant to the authority vested in me, I hereby authorize, effective immediately, all judicial districts to institute remote bidding in foreclosure auctions, provided that remote bidding may not commence in any district without the prior approval of the appropriate Administrative Judge. With remote bidding, individuals may place bids on properties during live foreclosure sales through remote third-party auction platforms, concurrently with in-person bidders.

This order shall continue indefinitely, subject to further order, and supersedes Administrative Order 90/23 and Administrative Order 54/24, which authorized a pilot remote bidding program in eight counties.

Chief Administrative Judge of the Courts
