

6TH JUDICIAL DISTRICT

MENU OF SERVICES

SPEAKER'S BUREAU

We offer an interactive experience bringing the courthouse to you, showcasing the judicial process and its impact on communities. Participants gain insights into courtrooms, legal proceedings, and careers in the judicial system through engaging presentations. Guest speakers may include various professionals like court officers, attorneys, judges, and more.

MOCK TRIALS

Mock trials, facilitated by staff, allow students to enact court proceedings based on provided scenarios. They aid in teaching trial procedures and trial-related content for grades 6-12, with flexible durations and staff support.

CAREER DAY/CAREERS IN COURT

Our staff will attend events aimed at providing information on various careers in the court, promote current job openings, civil service exams, and provide an opportunity to speak with our district staff.

COURT TOURS

We offer a court tours program in New York State for students, citizens, and civic organizations. The program includes a courthouse tour, Q&A session, and viewing of a court proceeding to enhance understanding of court operations.

COMMUNITY OUTREACH

Local courts engage with the community through interactive sessions, classroom presentations, and partnerships to educate about court operations. They collaborate on recognizing heritage months, community events, and promoting access and equal justice programs.

To schedule a speaker, court tour, tabling event, or community event contact:
