RESOURCES FROM NEW YORK STATE COURTS

INTRODUCTION

The New York State Court System, its judges, and other court system professionals and staff produce a range of publicly available materials that provide crucial information about the court system and the law. This portfolio gathers and organizes information that may be of particular interest to librarians, either as background or for use in assisting library patrons.

Librarians play an essential role in promoting and ensuring the public's access to justice as they are often the first contact the public turns to for legal information and an explanation of how the court system works. The information contained in this publication will enhance librarians' knowledge about the court system and allow them to guide their patrons more effectively.

DIY FORMS

Almost two million New Yorkers appear without lawyers in New York State courts each year. The courts have worked in partnership with the civil justice community to develop resources to make courts more accessible to unrepresented litigants.

The New York State Courts Access to Justice Program has developed computer programs to help unrepresented New Yorkers navigate the legal system. Do-It-Yourself (DIY) Forms guide users through a series of questions then produce court forms and information sheets (e.g., what to bring to court hearings, how to file forms with the court, and fact sheets relevant to a specific case type) based upon litigants' responses.

Litigants can use the DIY Forms on-line by visiting <http://nycourts.gov/CourtHelp/DIY/index.shtml> Litigants also can obtain information and complete forms in Court Help Centers and many clerk's offices in the courthouses.

In time to celebrate Hispanic Heritage Month, September 15 – October 15, the NYS Courts Access to Justice Program, working with the Office of Language Access and several Court Interpreters, is pleased to announce the addition of new Spanish resources for the DIY (Do-It-Yourself) Form programs and the addition of a new [Spanish DIY Form homepage](#) on the CourtHelp website. The new CourtHelp page contains a list of the old and new Spanish resources available in the programs.

New Spanish resources added to the programs include Spanish instructions in the [Guardianship Article 17A DIY Form program](#) and Spanish Pop-Ups and instructions added to the: [Child Name Change DIY Form program](#), [Uncontested Divorce DIY Form program](#), and [Vacate Default Judgment Consumer Debt DIY Form program](#).
