Except in exigent circumstances, the appointing court shall obtain input from the attorney(s) for the child(ren), if any, on the necessity and scope of the evaluation to be ordered. Such appointments shall be from the mental health professionals panel promulgated pursuant to these rules. A court, upon a finding of good cause, may appoint a mental health professional who is not a member of the mental health professionals panel, provided that the mental health professional has met the statutory requirements applicable to court-ordered evaluations. (b) *Order of Appointment.* The court appointing a mental health professional shall issue a written order setting forth the terms and conditions of the appointment including the purpose and scope of the evaluation, the method and rate of compensation, and by whom such compensation is to be paid. A copy of the order shall be provided to the mental health professional and to every party to the case, including the attorney, if any, for each child.
