	<sup>2</sup> You will consider this count only if you find the defendant not guilty of count 4. If you find the defendant guilty of count 5, then you will not consider this count and will return no verdict, either guilty or not guilty, on it.		

Count	Crime Charged	Guilty	Not Guilty
5	<b>Enterprise Corruption</b>		
	You will consider this count only if you find the defendant guilty of at least three of the first four counts. If you do not find the defendant guilty of at least three of the first four counts, then you will not consider this count and will return no verdict, either guilty or not guilty, on it.		

1. This verdict sheet assumes that the Court is submitting counts charging three criminal acts which are part of a pattern of criminal activity (counts 1, 2, and 3) and that a lesser included count of count 3 is being submitted as count 4. Of course, if there are more criminal acts being submitted, they should be inserted prior to the enterprise corruption count. And, if there are criminal acts being submitted which are unrelated to “enterprise corruption,” they should be submitted after the “enterprise corruption” count.

2. This language is recommended only if count 4 is, for example, a lesser included offense of count 3.
