Court appearance	App Count Arraign to Dispo Detained	number		# of court appearances while detained (AppCountarraignToDispoDetained) is a count of appearances where the defendant was in custody due to an earlier judicial securing order or was detained as a result of the instant appearance. If at the instant appearance the Judge determined that the person should be remanded to jail or set bail that the defendant did not post, the appearance is counted in this field. Notes: 1) If the bail was set and posted on the same day, the appearance is not counted 2) If more than one appearance is held during a day (e.g. morning and afternoon), only one appearance is counted. 3) Control appearances created for court purposes only are not included. 4) Appearances that were rescheduled are not included. 5) Any appearances held after the disposition are not included. 6) Counts are being provided for pending cases. Therefore, in order to only see final tallies, exclude pending cases with your filter. 7) Future appearance dates are not counted. 8) \$1 bail is used to credit a defendant with time served when they are being held on a different case. Although \$1 bail is counted in this field, the defendant is not being held due to the charges on this case.
	App Count Arraign to Dispo Total	number		Number of court appearances between arraign and disposition. Control and rescheduled appearances are not included. In some instances, a case disposed on the same day as the arraignement will not require a judicial release decision.

Calculated Days	Days Arraign Remand First Release	number		Days from remanded at arraign to first release/disposition date. Transfers to Supreme & County court are treated as dispositions and the time in custody is ended; the period in custody may continue in the next court. If the person was not remanded at arraign or has not yet been released/disposed, this value will be NULL.
	Known Days in Custody	number		# of days detained prior to disposition (length of pretrial detention), including prearraignment periods. Transfers to Supreme & County court are treated as dispositions and the time in custody is ended though the period in custody may continue in the next court. Occasionally, \$1 bail will be set due to another case, these days would also be included for the instant case. This field will be Null if no release decision was made, e.g. case was not continuing after arraignment.
	Days Arraign Bail Set to First Posted	number		# days from bail set at arraign to 1st posted date (can occur post disposition). If bail wasn't set, or bail wasn't posted this field will display "NULL".
	Days Arraign Bail Set to First Release	number		# of days from bail set at arraign to the first release date. Release date can include a change in the Judge's release decision, the posting of bail, or the disposing of the case (the earliest of these values will be calculated). Transfers to Supreme & County court are treated as dispositions and the count of days is ended although the period in custody may continue in the next court. This field will be Null if bail wasn't set or the defendant was not released.
	Days Arraign to Dispo	number		# days from arraign to disposition. This will include time out on warrant. Will be NULL if not disposed.

	rearrest_date	strig	MMYY	Month and Year for the first rearrest.

*Note on Prior/Rearrest:

- Criminal history data are provided by DCJS as of March 19, 2021. DCJS criminal history data are limited to arrests for misdemeanor or felony offenses that required fingerprints to be taken.
- Cases arrested for non-fingerprintable misdemeanor charges are not included. Charges that require fingerprints to be taken can be found in the Coded Law File on the DCJS website (<https://www.criminaljustice.ny.gov/crimnet/ccman/ccman.htm>). The "Printable" field indicates whether the charge requires fingerprints to be taken.
- DCJS variables with a missing value indicate that the respective case has no matching records present within the DCJS criminal history repository, not that the case has no criminal history.
